

CruiserOne

The BioDigitalPC® CruiserOne is a commercial-grade, 14", LCD monitor. It features an integrated BioDigitalPC® docking station. When a BioDigitalPC® card (not included) is inserted into the docking station, the CruiserOne becomes a robust and secure computing solution.

FEATURES

- Full HD resolution of 1920 x 1080 with no downscaling.
- The BioDigitalPC® docking station is built-in to the CruiserOne. The docking station includes (1) USB 3.0, (2) USB 2.0, 3.5mm headphone and mic jack, integrated speakers, Bluetooth, and WiFi B/G/N.
- Can run from 15 VDC, a cigarette lighter or hardwired into a vehicle's electrical system.
- LED backlight: brighter picture using less power
- 75mm mounting holes
